

## Planning Application Form

(Form No. 2 of Schedule 3 to the Planning and Development Regulations 2001, as amended)

*Before filling out attached form please note the following*

### *Standard planning application form and accompanying documentation*

*Please ensure that each section of this application form is fully completed and signed. The applicant should enter n/a (not applicable) where appropriate.*

*Please ensure that all necessary documentation is attached to your application form.*

*Failure to complete this form or attach the necessary documentation, or the submission of incorrect information or omission of required information will lead to the invalidation of your application.*

### *Supplementary information*

*It should be noted that each planning authority has its own development plan, which sets out local development policies and objectives for its own area. The authority may, therefore, need supplementary information (ie. other than that required in this form) in order to determine whether the application conforms with the development plan and may request this on a supplementary application form.*

*Failure to supply the supplementary information will not invalidate your planning application, however, if it is not supplied, the planning authority may not be able to reach a decision on whether or not to grant permission on the basis of the information available to it. Therefore, failure to supply this information could delay the decision on an application or lead to a refusal of permission.*

*Applicants should, therefore, contact the relevant planning authority to determine what local policies and objectives would apply to the development proposed and whether additional information is required.*

### *Data protection*

*The planning process is an open and public one. In that context, all planning applications are made available for public inspection and Dún Laoghaire Rathdown County Council publishes weekly lists of planning applications received as well as weekly lists of planning decisions. This information may also be placed on the Council's website.*

*It has come to our attention that the publication of planning applications by planning authorities can lead to applicants being targeted by persons in the business sector engaged in direct marketing. In response to a request from the Data Protection Commissioner, you are hereby given an opportunity to indicate a preference with regard to the receipt of direct marketing arising from the lodging of a planning application.*

*If you are satisfied to receive direct marketing please tick this box*

☐

*Direct marketing may be by post, by telephone, by hand or by electronic mail such as email or text message where such details are supplied.*

*It is the responsibility of those entities wishing to use the personal data on planning applications and decisions lists for direct marketing purposes to be satisfied that they may do so legitimately under the requirements of the Data Protection Acts 1988 and 2003, taking account of the preference outlined above.*

## Notes to the applicant

Sections 1 to 21 of this form **MUST** be completed insofar as they relate to your particular proposal. Failure to do so will render your application invalid.

Sections 22 to 26 seek supplementary information which may be needed by this Planning Authority to assess the application having regard to its development plan which sets out local development policies and objectives for its own area.

Failure to submit this supplementary information, where relevant, will **NOT** invalidate your application. However, the Planning Authority may not be able to reach a decision on whether or not to grant permission on the basis of the information available to it.

Therefore, failure to supply any relevant supplementary information could delay the application or lead to a refusal of permission.

You are advised to contact this office to determine what local policies and objectives would apply to your proposal and whether supplementary information is required.

## Other Statutory Codes

Please note the provisions of Section 34(13) of the Planning and Development Act 2000:

*“A person shall not be entitled solely by reason of a permission under this section to carry out any development”.*

The applicant may need other consents, depending on the type of development. For example, all new buildings, extensions and alterations to, and certain changes of use of existing buildings must comply with building regulations, which set out basic design and construction requirements. Also any works causing the deterioration or destruction of the breeding and resting places of bats, otters, natterjack toads, Kerry slugs and certain marine animals constitute a criminal offence unless covered by a derogation licence issued by the Minister for Arts, Heritage and the Gaeltacht (pursuant to Article 16 of the Habitats Directive).

Please note that in accordance with Section 251 of the Planning and Development Act 2000:

Where calculating any appropriate period or other time limit referred to in this Act or in any other regulations made under this Act, the period between the 24th day of December and the 1st day of January, both days inclusive, shall be disregarded (Not applicable to Development Plan matters).
